Sponsorship opportunities
The European Nuclear Young Generation Forum (ENYGF) is seen as the main opportunity in Europe for young people to have an international place to speak. The conference is a biannual event and alternates with the IYNC. The nuclear industry in Poland is now exponentially growing as the country's first nuclear power plant is under development. The industry is looking for a reliable clean power source as a result of the rising prices of CO2 emissions. Which in its turn results in skyrocketing energy prices.

Taking all those aspects into account the ENS-YGN agreed to organize the event in Kraków. ENYGF 23, is organized by an executive committee from Poland. All committee members have a common goal which is to extend the ENS-YGN mission and help to create a global community of nuclear professionals.

The aim of the event is to provide a platform for learning and networking for young professionals in all areas of the nuclear field. It provides a chance to enhance international communication. Sharing experiences and discussing best practices as well as learning about social aspects and technological advances of the nuclear industry.
How to become an ENYGF 2023 sponsor

The need for future leaders emerged with the recent nuclear renaissance. Especially in Poland which is a newcomer to the nuclear energy field. ENYGF 2023 offers a great opportunity to encourage ambitious students to become a part of the nuclear industry and to meet young professionals eager to pick up new challenges. Becoming a sponsor gives you unique exposure to hundreds of professionals at a well-recognised event in Europe.

For you to sponsor the event is the best opportunity to gain visibility among young professionals in the nuclear industry and research. Supporting this conference is the perfect chance to do something for the future of nuclear and support the shaping of the nuclear community. Sponsorship packages are stated on the following page. If any of those sounds tempting, feel free to contact us!
Would your company be one of our main sponsors?
As a sponsor, you will have a lot of amazing perks available.
Let’s negotiate the purview of the package. We are sure that we may meet your company’s needs.
